Here at Zoom, we are committed to doing our part to help during this challenging time. When employees are not able to get to the office, when teams cannot travel to see customers, and when students cannot participate in on-site classes, Zoom provides a platform where they can still be productive with just a free Zoom Meetings license.

Here are some additional resources to keep organizations up and running using Zoom:

A big shout out & 🙌 to [@msaquinn](#), [@thansen\\_edu](#), & their students for helping us test a [@zoom\\_us](#) configuration on student iPads today. In anticipation of possible closure this testing is invaluable! Also big ups to [@jay\\_priebe](#) & his tech crew! 🙌👏👏👏 #NISTis #isedcoach
