

At Cigna, we care about your health. And your budget. The LocalPlus® plan delivers a cost-effective solution designed to be flexible and help you control health care costs – without sacrificing the quality and convenience you want and expect.

How the plan works.

We collaborate with health care communities to create local networks¹ of health care providers, specialists and hospitals that deliver value and results right where you live.

How you can save:²

- › In your local area, or when in any LocalPlus Network area, you must receive care from a health care professional or facility in this network to receive in-network coverage.
- › If you're away from home and need care, just look for a participating LocalPlus provider in the area or if one isn't available, you can use providers or hospitals in our nationwide Away From Home Care feature.
- › If you choose to go outside the LocalPlus Network when one is available (or outside the Away From Home Care feature when LocalPlus isn't available), you will receive out-of-network coverage. Your share of the costs may be higher than what you would pay for in-network care.

Get healthy. Stay healthy.

You'll also have access to wellness services and programs to help you stay on the path to good health, including:³

- › Well visits, preventive care screenings and immunizations
- › Sick visits, specialist, in-hospital and outpatient care
- › Nationwide in-network coverage in case of an emergency

We make it easy.

LocalPlus is designed to deliver cost-effective, quality care and peace of mind for today's busy, on-the-go families. Here are some of the many ways the LocalPlus plan can help you get more value for your health care dollar.

- › More quality providers make it easier to choose and use quality care
- ›

Together, all the way.®
