You are strongly encouraged to seek medical attention.

You may obtain medical attention at any facility. However, Denver Health and Porter Adventist Hospital are the local healthcare facilities with nurses (called "SANE nurses") who are specially trained to perform a forensic sexual assault examination that preserves evidence within the first 120 hours after an assault.

These include assessment for injuries, as well as prevention of sexually-transmitted infections and pregnancy. More information about the forensic exam can be found at <http://du.edu/sexualassault>.

You are strongly encouraged to seek confidential counseling.

You may obtain crisis counseling and confidential information, advice, and support through any of the sources listed to the right.
