The screenshot shows a mobile application interface for creating a new account. At the top, there are two tabs: 'Log in' and 'New account', with 'New account' being the active tab. Below the tabs is an 'Email' input field. A password strength indicator is visible, showing a colorful bar and the text: 'New Password' and 'Passwords should be at least 8 characters long and include a number, a lowercase letter, and an uppercase letter'. Below this are two more input fields: one for the password and one for 'Confirm new password'. At the bottom of the form is a purple button labeled 'Create new account'.
